Dr. Teresa De Monte CURRICULUM VITAE

Teresa De Monte was born in Artegna (Udine, Italy) the **21st March 1951**.

She was schooled in Bologna where she got her University degree in Medicine and Surgery in 1978.

In December 1981, she attended the Paediatrics and Puericulture (child care) or Neonatology Advanced School – Bologna University,

in December 1985 she attended the Dietetics Advanced School in Modena University (Science of Food).

Since 1972 she is VOLOUNTEER NURSE I.R.C. and First Aid MONITOR.

At the same time she is interested in Cosmetology and Aesthetic Medicine.

1978-1980 working experience as Assistant Paediatric surgeon at Ospedale Maggiore in Bologna.

In 1979, she wrote a report for Thalgo France: Cryotherapy which is, together with Dermocosmetology, her forte.

She presents a study on mucopolysaccharide, vascular failure in the lower limbs, aesthetic treatment for a pregnant woman, Collagen.

In 1980, she also starts studying Trace-elements, their use in Medicine and aesthetics, to the Robert Tisserand School.

In 1982, Thalgo-France invited her at Bologna Meeting that marks the breakaway of C.O.I.-Thalgo and the birth of Thalgo Cosmetic Italy. In this occasion, she ranged from algae-based products to Trace elements and Plasma de Quinton.

In 1983, at Firenze Meeting organised by Thalgo Italy, she relates on Diathermo-coagulation, Biodepyl, Mucopolysaccharide and their use in aesthetic medicine.

In 1984 she qualified for university teaching in “NEW MEDICINE” School in Bologna.

She directs the Diathermo-coagulation, Biotherapy, Anatomopathological study of breast courses; she teaches Mesotherapy courses introducing the concept of mesotherapy with homeopathic remedies following the French school Theories and she gives the practice part during this course and others.

She teaches Cosmetology, Natural Feeding, Oligo-elements and their use in Aesthetics. Her courses are 90% addressed to the medical class. This working experience ended for personal reasons in 1989, but meanwhile she already started teaching Aesthetics in the round for Doctors and their assistants in Pisa, Medical Free Post-University, in Rome to the S.I.S. Hahnemann in via Bruxelles first and then via Tagliamento, in Milan to the Ascudisamena in via Boscovich.

The teaching ends in 1996, as the changed direction suppressed the practice hours which she considered important to who starts approaching Aesthetic Medicine.

In 1984, Nennella Santelli invites her as an EXPERT to the Annual Aesthetic Congress in Milan, to speak about Diathermo-coagulation. In the same year, she begins working as an associate with BEAUTY LINE review, Milan-via Grado 9.
